People

We hire the very best and professional people, continiously investment in people and our own product

Business

Our Business 50% from China, 50% from ooversea partner

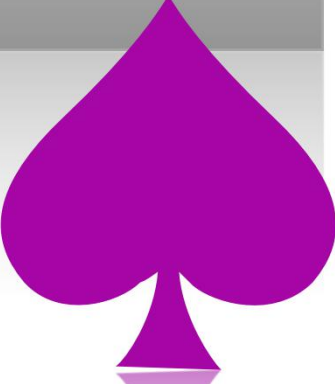

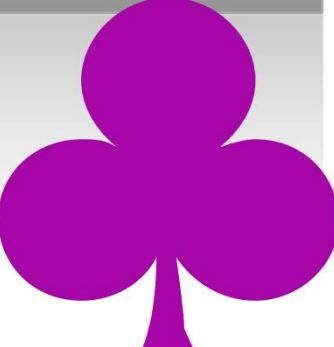

Direction Balance

Our import business and export business accounts fro 50%

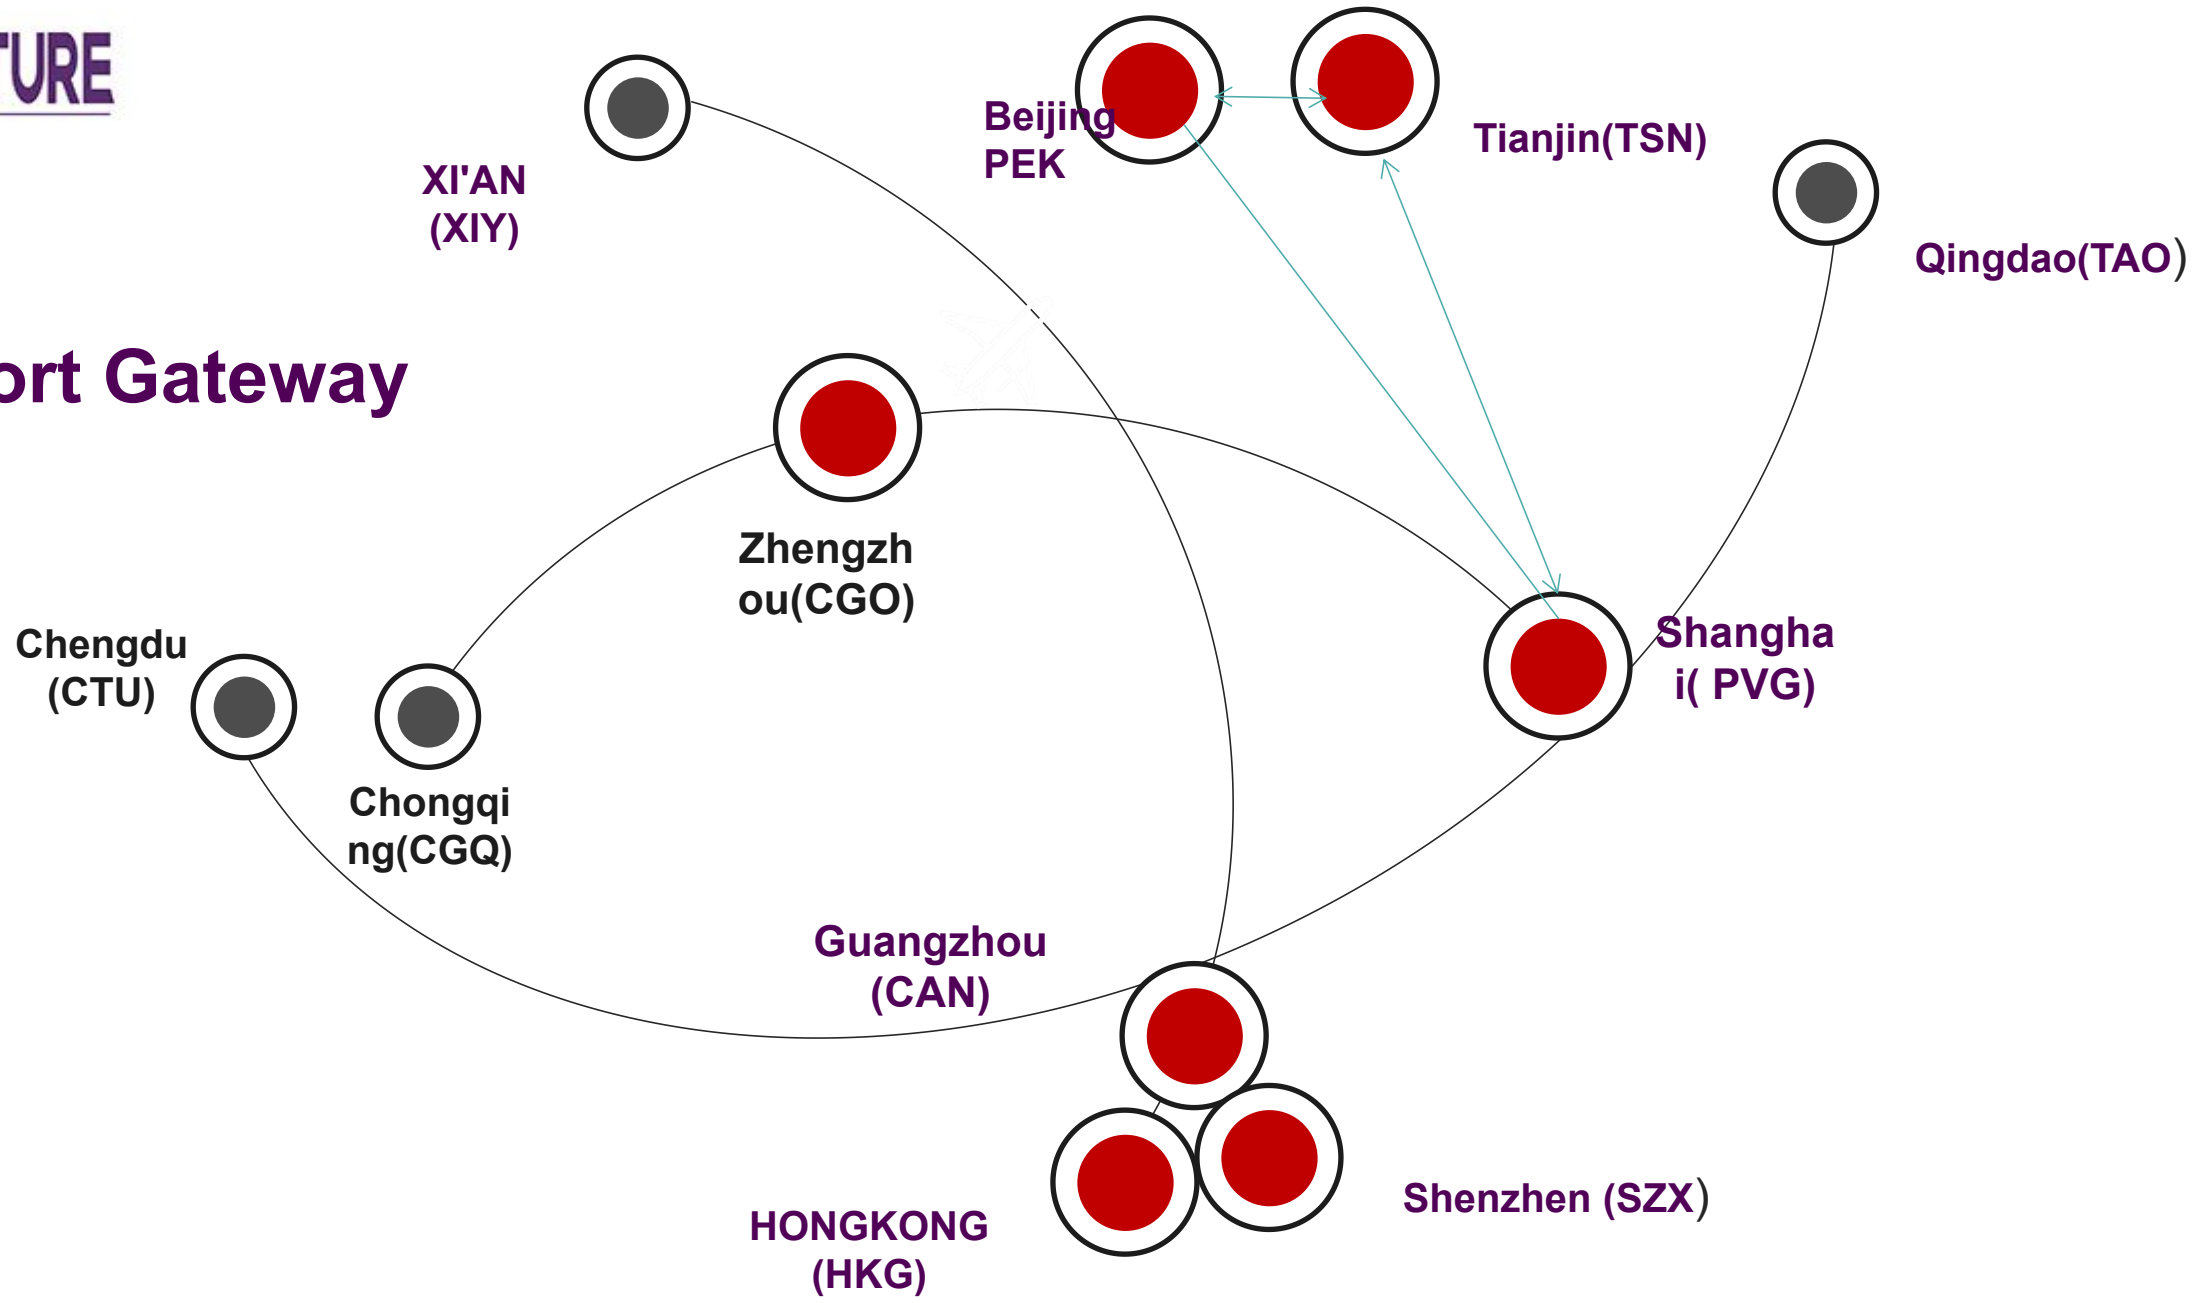

Focus and Advantage

Air and LCL is our main focus
Europe is our main focus region

Airfreight import

Customs clearance	Payment duty and tax	Delivery via regular RFS	POD feedback	picking up freight from oversea to China
<p>We provide customs clearance for different kind of product for air import</p>	<p>For Oversea DDP shipment, we can help to pay duty and tax charging commission for domestic customer, we usually need returned back 1 week .</p>	<p>We have Regular Feeder trucking service from our Import gateway to final destination city, providing timely delivery and competitive rate</p>	<p>After Delivery, we usually can get back POD within 2 working day</p>	<p>Most important we can bring your freight from oversea to China if under Ex works or FOB; Let your control the shipment more closely</p>
				

Air Import Gateway

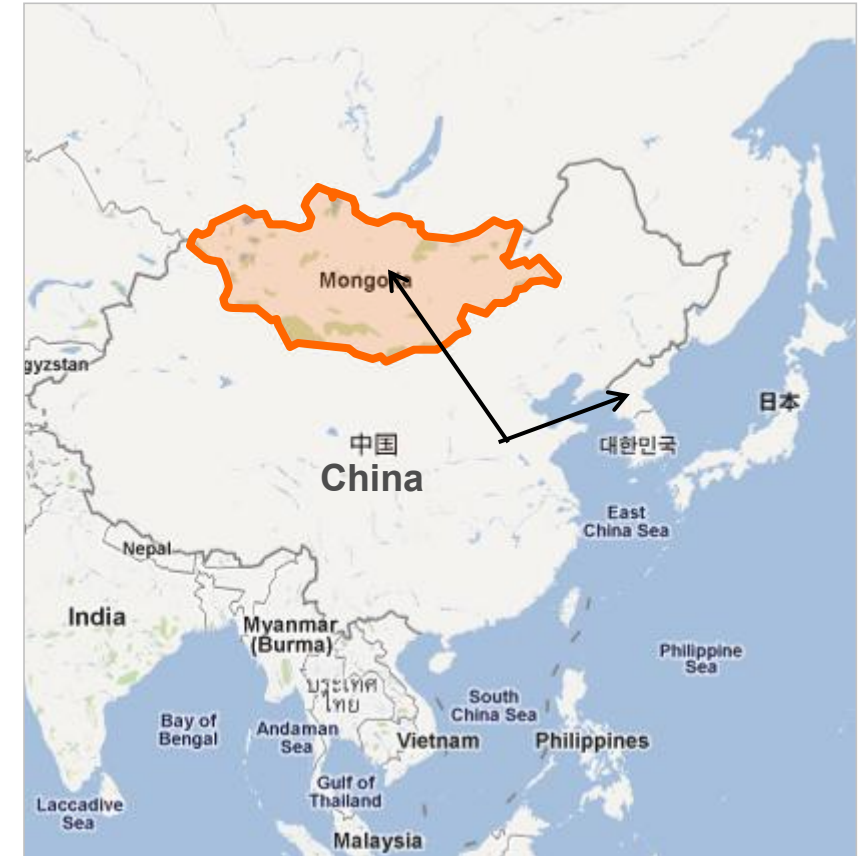

Air Import Value added product-- to North Korea and Mongolia

A, We can also do the import transit shipment to Mongolia and North Korea

B, MAWB consigned to our named warehouse in PEK, we do the transit customs in PEK and on carrage to North Korea and Mogolia via air

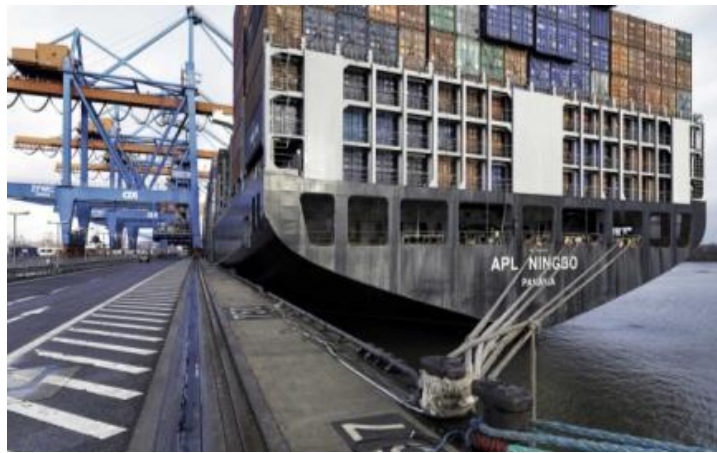

C, We do regular traffic for the UN to those 2 countries for relief food and clothes

Air Export Main Gateway
