

Founded in 1985; Air & Sea International is a family owned Freight Forwarder, N.V.O.C.C. and Customs House Broker. A customer first and better alternative to the Global NVO, Global Multinationals. Located in the Western Region of the USA, our niche territory covers the Mountain States (Idaho, Utah (HQ), Arizona, New Mexico, Colorado, Wyoming and Montana).

We find "Right-Fit" solutions to customers with more complex supply chains and customer friendly, reliable service for those customers with less complex networks looking for Ad-Hoc services (Freight Forwarding, US Customs clearance, FTL/LTL domestic trucking, parcel and AirFreight). We do offer 24/7 visibility to each milestone event of freight movement (using CargoWise platform) staying ahead of the competition.

We offer a full complement of logistics services including:

- Airfreight (Import, Export)
- Ocean freight (Import, Export)
- Break Bulk, project cargo
- Domestic cargo (all modes)
- In-house Customs House Brokerage
- PO Management
- Complete Supply Chain Visibility.
- Planning and consulting.

 AIR & SEA INTERNATIONAL
FREIGHTLINK

Air & Sea is excited to join the SCN family!!!!
