

CargoWise One

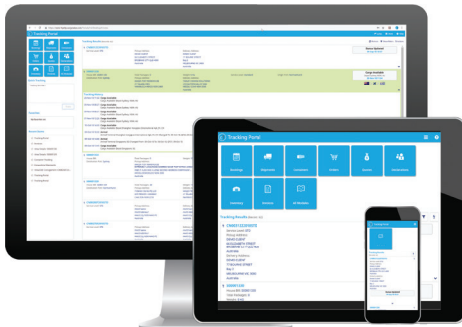

Empowering and
enabling the logistics
industry globally.

“CargoWise One gave us an enterprise solution that enabled us to become a global player.” -Kai Ching, Yusen Logistics

CargoWise One is a deeply-integrated global software solution that enables our customers to execute highly complex logistics transactions and manage their operations on one database across multiple users, functions, countries, languages, and currencies.

This powerhouse solution allows customers to better address the complexities of the logistics industry while dramatically increasing productivity, reducing costs, and mitigating risks via a global integrated software platform.

Our customers are the ‘people who move the world’, and operate in areas across the entire logistics supply chain including freight forwarding, customs clearance, warehousing, shipping, tracking, land transport, e-commerce, and cross border compliance.
