

February 2020

In light of the present situation, we have worked on summarizing the current status and gathered our tips to protect your supply chain.

Airfreight

The Coronavirus outbreak has caused several airlines cancelling flights to China. The cancelled passenger flight will reduce available belly cargo capacity.

Operator	Normal Operation	Reduced Operation	Cancelled Operation
AA		X (Travel waivers to Wuhan, Hong Kong, Beijing and Shanghai until late February)	
AC		X (Flights to Beijing & Shanghai only)	
AF			X (Until February 9)
AY			X (February 6 - 28)
BA			X
CX/KA		X (CX only)	X (KA only)
DL			X (Until end of April)
EK	X		
EY	X		
JT			X

TIPS FOR YOUR CHINA SUPPLY CHAIN PLANNING:

Actions:

- ✓ Check orders planned for shipping during February & March.
- ✓ Identify and inform your forwarder and factory for urgent cargoes.
- ✓ Consider alternate shipping modes, as an example, to transfer shipments from Ocean to Rail, either full or partial loads.
- ✓ Expect further blank sailings and reduced air capacity as the effect of factories closed for an extended period.
- ✓ Once factories are back in operation, the market is likely to receive peak demand with space shortage.
- ✓ Communicate with your forwarder & factory of your requirements.

NGL continue to keep you update about the new information.
