January  
2021

# LOGISTICS DONE RIGHT

## Forward Thinking

### **Freightzen Logistics is the brainchild of Jimmy Jensen, a Thai-Danish national.**

Jimmy Jensen founded the company in February 2018 after a +25-year career with several major international logistics companies in Thailand and the Asia Pacific.

He was compelled to start his own logistics company, but he didn't want to launch another generic entry into the market.

He noticed that many Thai logistics companies had grown tremendously, enjoying the success of Thailand's thriving exports.

However, none of these firms had gone global.

# Solutions

---

Freightzen Logistics 4 pillars of product offerings

Air Freight

Sea Freight

Warehouse  
Logistics

Transport &  
Customs  
Brokerage

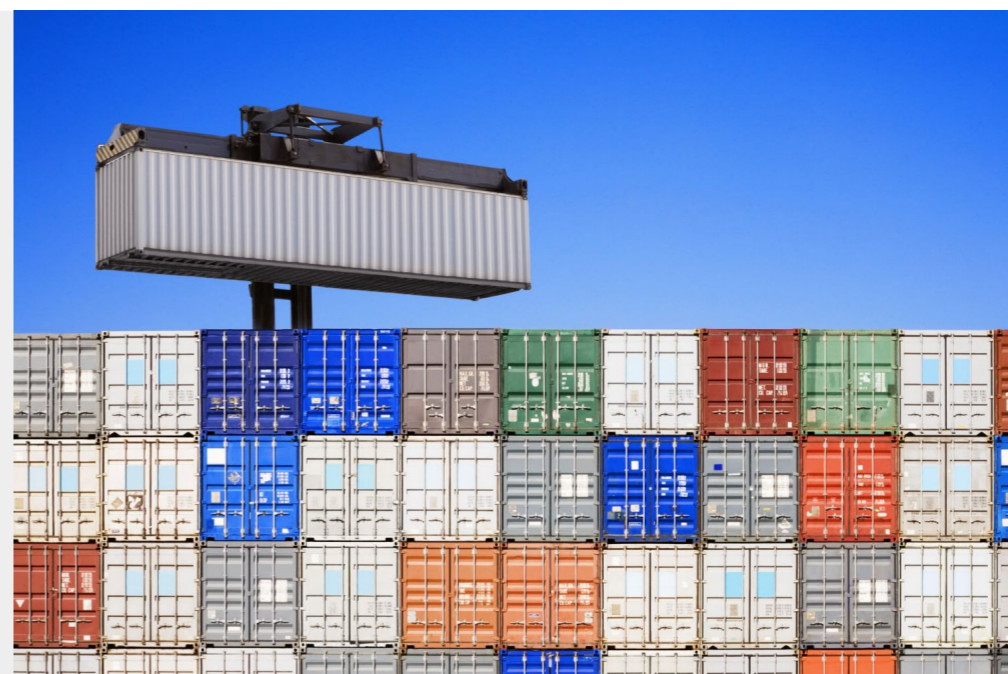

## Solutions by Airfreight

## Manufacturing

Electrical components, Mechanical hardware, Home Appliances, Computer Hardware, Tools, Wires, Household goods, FMCG

# Freightzen OS

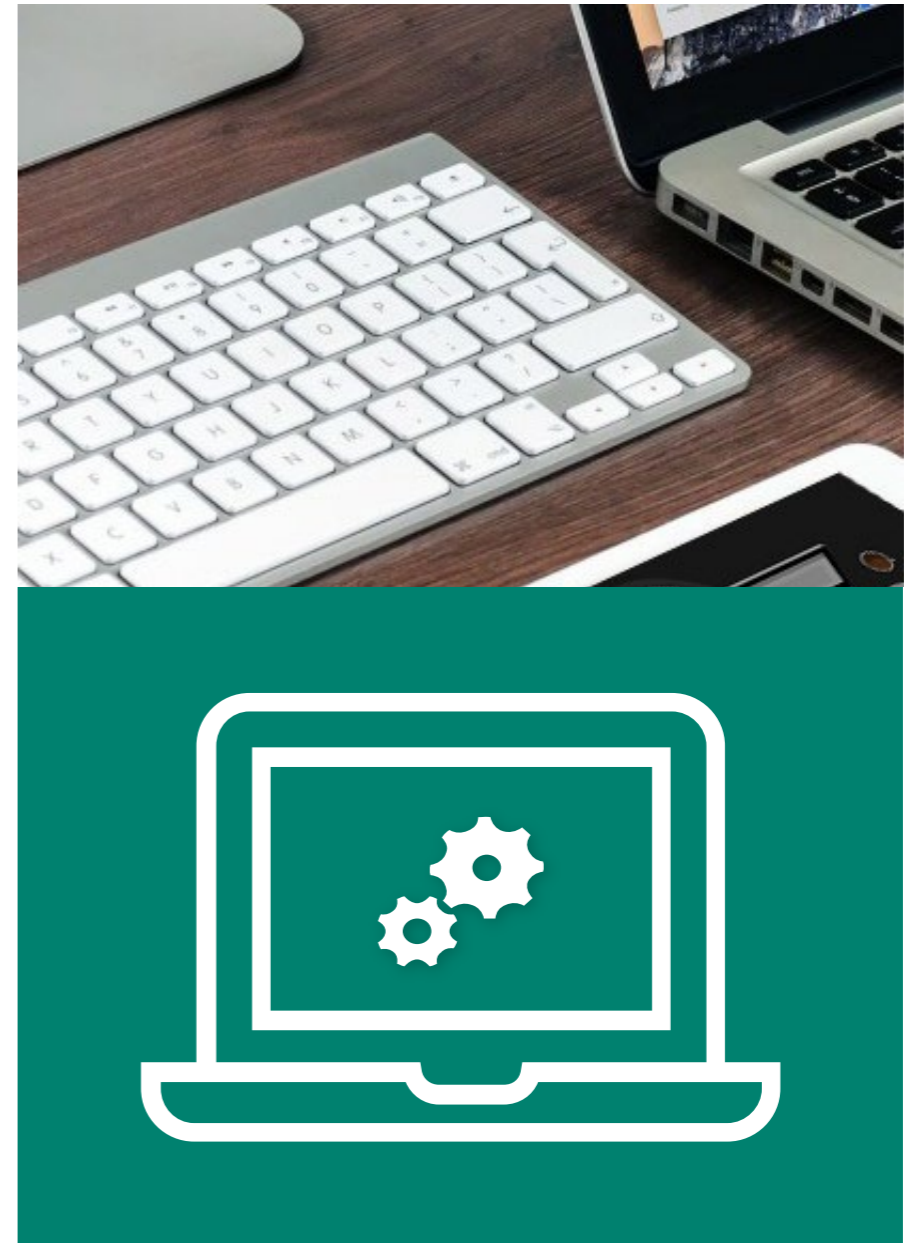

## Progressive Transport System

Freightzen Logistics has adopted an OS system that has been developed for the Thai freight forwarding industry. With over 100 Thai and international companies using this integrated software package for seamless operation of their forwarding business in Thailand.

The screenshot displays the Freightzen OS software interface, which is a comprehensive system for managing freight forwarding operations. The interface is divided into several main sections:

- Receipt & Tax Receipt:** This section at the top right shows details for a receipt (No. 81087820045) and a tax receipt (No. 1705/20043). It includes fields for Customer ID, Name, Address, and various tax and invoice numbers.
- Shipment Air Freight:** This section on the left provides details for a specific shipment (No. AE0701001-01). It includes fields for Master JOB, Type, Service, and various shipping details like Airline, Flight, and Dates.
- Payment Voucher:** This section at the bottom right shows details for a payment voucher (No. 0000000000). It includes fields for Supplier ID, Description, and various payment details.
- Financial Summary:** A central section displays a table of financial data, including columns for ID, Description, Price, Curr, Qty, Unit, Each, and Vat. It also shows a summary of financials with fields for Total Advance, Less Vat Sub, Plus Vat Tax Diff, Amount No Vat, Amount Vat, Total Amount, W/H Tax 1%, W/H Tax 3%, and Diff (Default +).

The interface is designed to be user-friendly, with clear labels and organized data entry fields, facilitating efficient management of freight forwarding operations.

# Freightzen Technology

## Getting a shipping price hasn't been easier

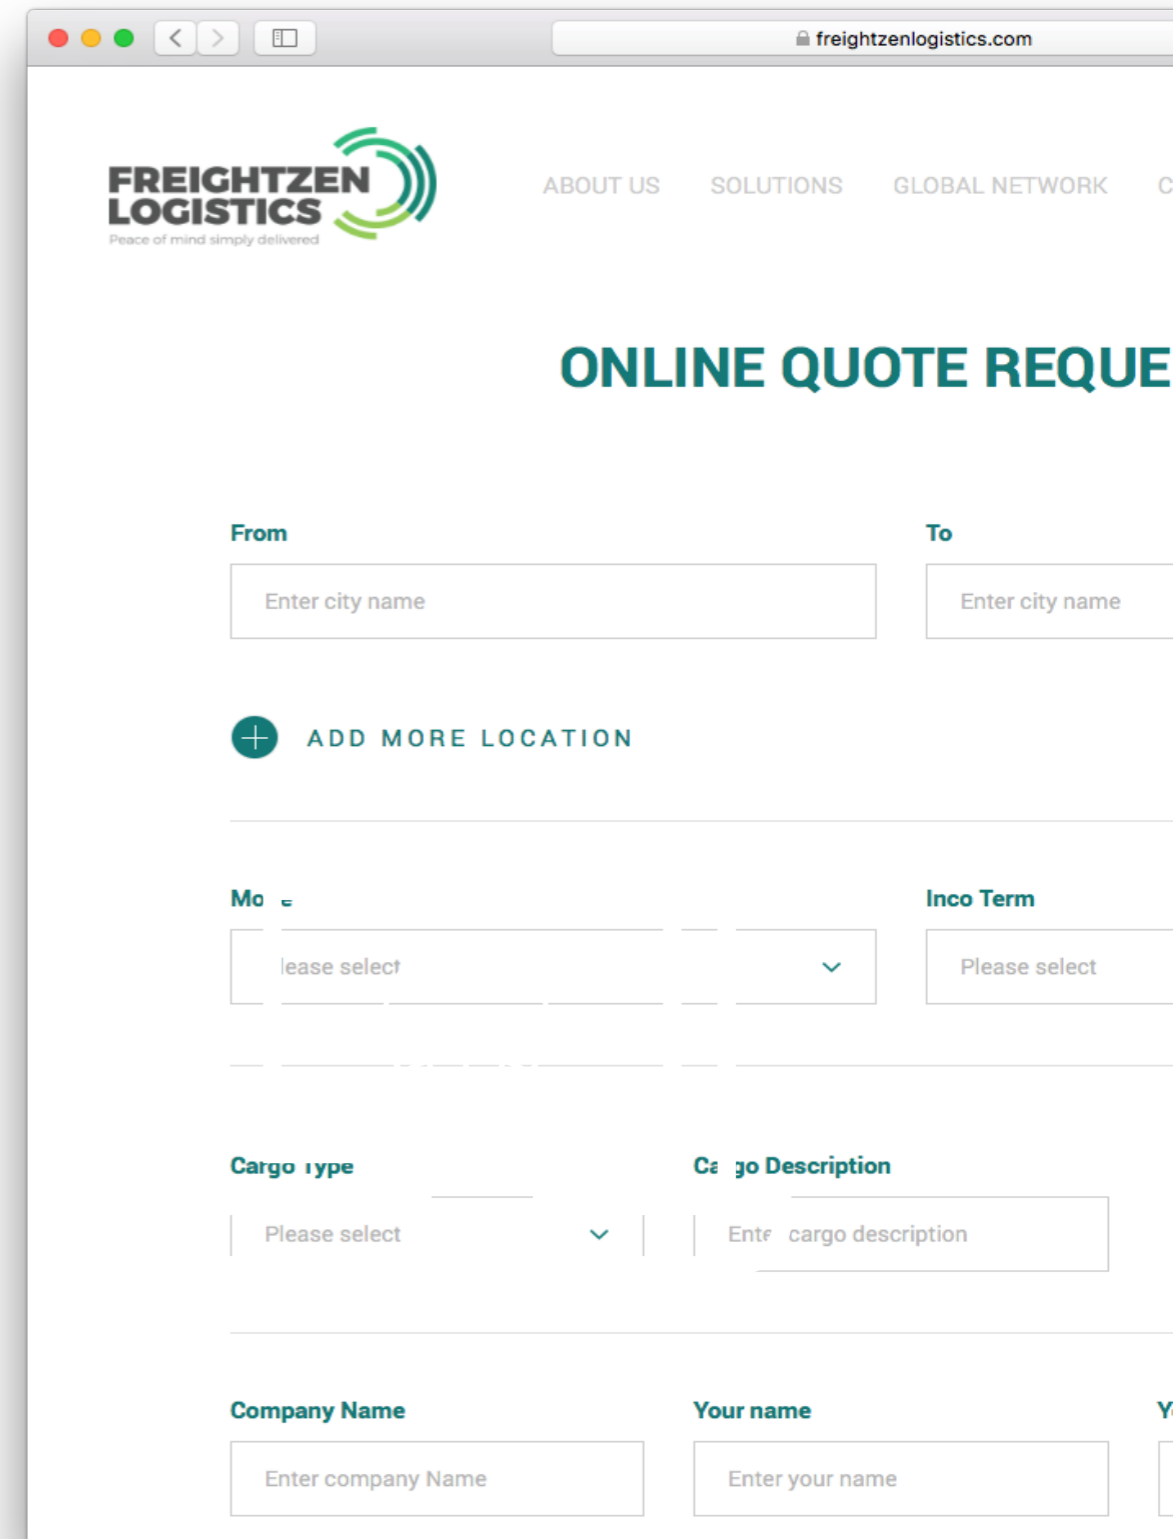

Time is of the essence, and Freightzen Logistics has realized that. It takes an average of three days for freight forwarders to provide customers with a simple port-to-port sea or air freight quotation.

That's 72 hours of waiting!

Customers are very frustrated. Sea and airfreight prices are a critical component; they are necessary to determine their sale prices to their customers.

## INTRODUCING FREIGHTZEN LOGISTICS ONLINE QUOTE PORTAL

- Each request is given a tracking number
- The system will send their info to our team for process
- **We will respond in as little as 45 minutes and no more than 48 hours**
- Users who register and login will gain access to additional benefits (ex: view milestones on their quotation requests)

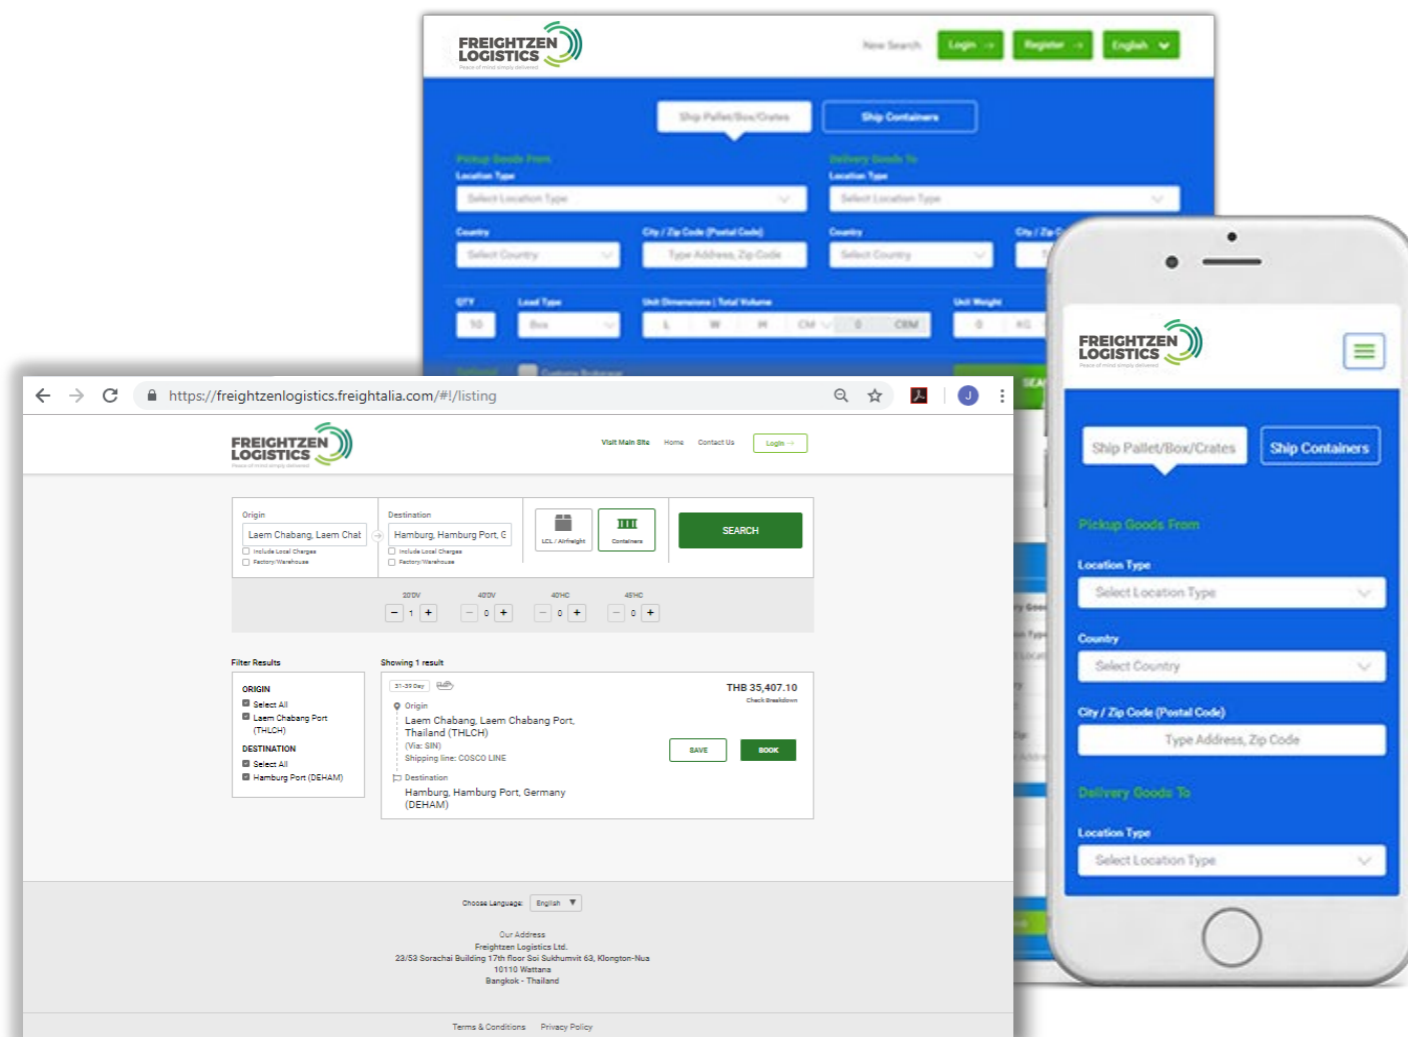

The screenshot shows the Freightzen Logistics website's online quote request portal. The browser address bar displays 'freightzenlogistics.com'. The website header includes the Freightzen Logistics logo with the tagline 'Peace of mind simply delivered' and navigation links for 'ABOUT US', 'SOLUTIONS', and 'GLOBAL NETWORK'. The main heading is 'ONLINE QUOTE REQUEST'. The form contains several input fields: 'From' and 'To' (both with 'Enter city name' placeholder), 'Mode' (a dropdown menu with 'Please select' and a downward arrow), 'Incoterms' (a dropdown menu with 'Please select'), 'Cargo type' (a dropdown menu with 'Please select' and a downward arrow), 'Cargo Description' (a text input field with 'Enter cargo description' placeholder), 'Company Name' (a text input field with 'Enter company Name' placeholder), and 'Your name' (a text input field with 'Enter your name' placeholder). There is also a button labeled '+ ADD MORE LOCATION'.

# Freightzen Technology

## Delivery faster service using latest technologies

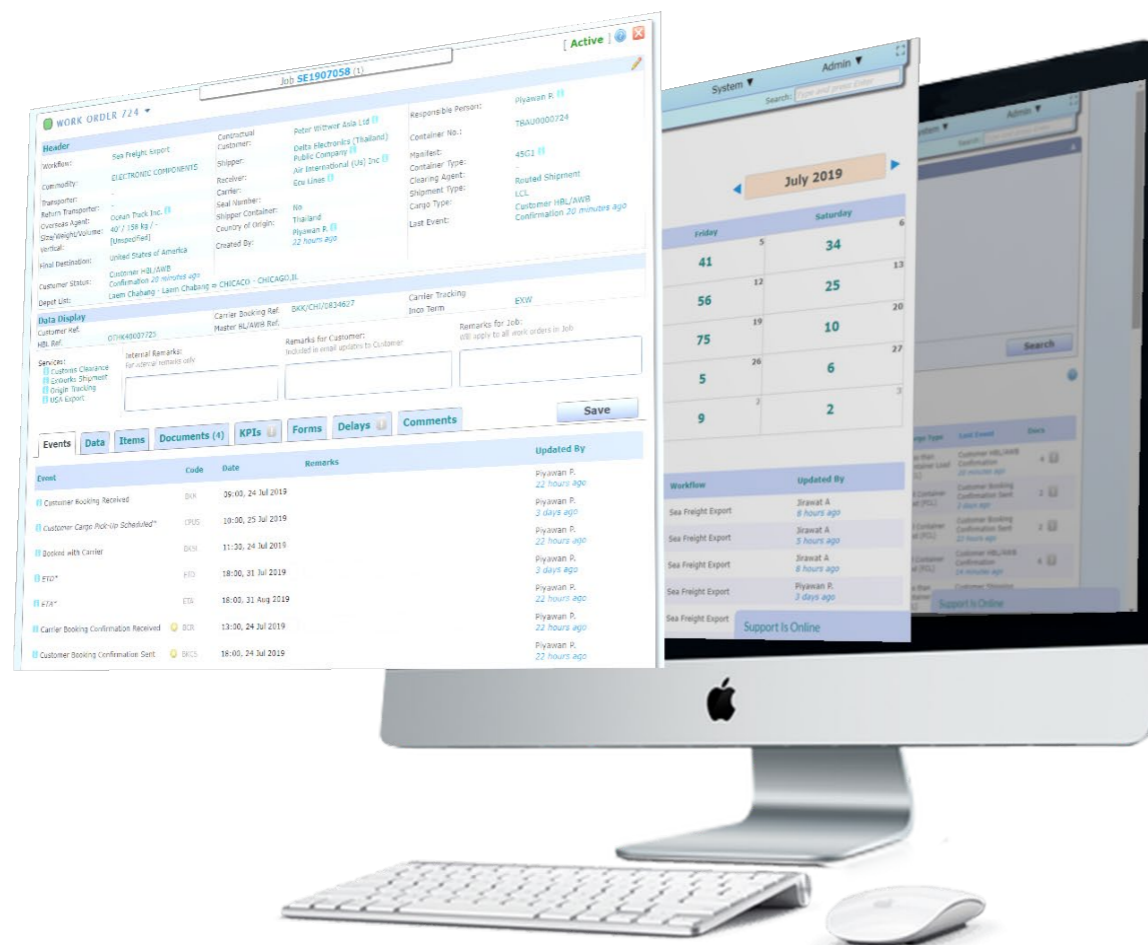

Freightzen Logistics deliver faster quotations by utilizing latest online and web-based technologies enabling our sales and customer service to provide customers with freight quotations quicker than our competitors.

# Freightzen Technology

## In logistics “ what get tracked, get managed”

Our state of the art LWMS (Logistics Workflow Management System) keep track of shipment milestones and KPIs, ensuring that our work processes are constantly followed and checked. In logistics a good workflow process is crucial to consistently delivering shipments on time every time.

# Follow your last mile deliveries

## State of the art platform for pick-up & last mile deliveries

Freightzen Logistics use pick up and last mile deliveries platform that enable to provide customers with GPS Truck Route, Time Stamps, EPOD, Delivery Photos and driver information. Coupled with Freightzen Logistics Workflow Management (end-to-end visibility tool) we provide customers with a powerful e-tool and an amazing user experience .

The screenshot displays the Freightzen Logistics platform interface, which includes a map, carrier details, shipment files, and a task list.
