

A COMPLETE LOGISTIC DIVISION.

ABOUT US

Max Line is a Dubai Based Freight Forwarding and Transportation company. Since freight forwarding is our major business activity, we have diversified our business operations into logistics, GCC trucking, removals, project cargo forwarding, and outbound logistics. Our head office is located in Dubai, we also hold branches in India, KSA, Qatar, Oman, Bahrain, and Kuwait othe UAE.

Delivering the goods isn't just good enough for a transportation and logistics provider. To achieve success, the company must truly understand the essential requirements and demands in the market, paving way to find solutions to build a comprehensive range of services to meet those market demands. Maxline always strive to hold onto this policy of studying and meeting the market demands, thus making it a very reputed and trustworthy organization in the logistics world. We understand the global marketplace, its needs, and the risks associated with freight forwarding activities. We go above and beyond providing traditional transportation and logistics solutions and as the business environment changes, Max Line is structured to adapt quickly toserveyour evolving needs better.

PROJECT MANAGEMENT

MANAGEMENT

Our team of professionals thoroughly follows up through every transactions we manage. We have an excellent and experienced workforce. It's our team spirit that taught us to aim for being the most reliable Freight Forwarding Transport Company in the market along with the help of our strong global network. Our team of experts who approach and serve our valued customers with utmost dedication is the greatest strength of our company. We also strive to be committed advisors to our customers and associates at all times.

WHY MAX LINE?

AIR FREIGHT

We have contracts with the world's major air carriers that provide us secured space on many flights each month. Shipping your freight by air with Max Line will keep goods moving at optimal speed and efficiency.

Valuable and dangerous goods are often subject to extreme time pressures and deadlines for everyone involved. Therefore, our Airfreight Department develops a customized service plan for each customer and then implements the required Operational Handling Procedures to ensure a high-quality service. Our global, door-to-door services include customs clearance and inland transport to interior points. Max Line also coordinates with our sea freight operations for on-forwarding cargo in the most cost-effective manner.

We are available 24/7 to offer charter flight assistance to meet your requirements. Our appointment as an official airline agent enables us to issue our own house airway bills on behalf of the airlines

WAREHOUSING & DISTRIBUTION

Max Line is a single-source freight forwarder who can handle your ocean shipments from any point of the globe to another. Whether your needs are terminal-to-terminal or door-to-door, with Max Line, you're offered the resources of an experienced ocean freight forwarder combined with a full line of services. The selection of steamship lines, consolidation options, container specifications, packaging requirements, and customs classification are additional areas in which our ocean export professionals can provide valuable assistance.

LASHING & SECURING SERVICES

Cargo securing refers to ensuring that cargo packs and goods does not move inside its containers during transit or rub against each other. The constant movement of cargo goods against each other can result in packages burst opening and damaging the goods kept in them. We can promise that your crating, packing & lashing needs will be handled most efficiently and professionally. To serve the complex shipping requirements of our clients, we can design and build crates specifically suiting the need – of any type, size, and shape

THE SERVICES OFFERED BY US ARE AS FOLLOWS
