SEA FREIGHT

We offer a full array of ocean freight services including ocean freight forwarding and consolidation, and LCL or FCL container management. Using our contractual relationships with steamship lines, we offer highly flexible scheduling. In order to offer the best service possible.

we have a dedicated ocean freight department specializing in FCL, LCL, Break-Bulk, Project Cargo and different types of cargoes on a global scale. The flexibility and range of ocean freight services offered by Platinum Logistics provides our customer economical alternatives to other, more costly modes of transportation. Our logistics services cover not only shipments from port-to-port, but also the complete door-to-door supply chain solution.

Ocean freight products & services

- 
- FCL and LCL import and export
 - Issuance and verification of shipping documentation
 - Export and import customs clearance
 - Certified industrial packing and crating
 - Warehousing logistics
 - Sea/Air transportation
 - Sea/Road Intermodal Services
 - Transport and Marine Insurance

AIR FREIGHT

We provide a complete package of air freight solutions. We understand that air freight is a premium and costly service, so our program focuses on quick transit and constant communication, combined with the ability to seize cost saving opportunities such as consolidation and intermodal options.

Our airfreight department develops a customized service plan for each customer, and then implements our required Operational Handling Procedure to ensure high quality service. Our team of air freight professionals follows through on each and every shipment and our customers can be assured of real-time status reports on all import and export air freight shipments at all times.

Air Freight Products & Services

- Airport to Airport
- Door to Door
- Air cargo consolidation
- Dangerous Goods Handling

Customs
Goods To Declare

Airfreight Clearance

Our dedicated staff have many years of experience with customs clearance and will work closely with you to obtain the correct tariff codes that cover your goods. This process helps to move your shipments through customs efficiently and smoothly.

Currently our Katunayake office can handle following types of clearances,

- BOI Cargo Clearance
- Customs Cargo Clearance
- Courier Cargo Clearance
- To-Bond Ex-Bond Clearance
- DAT, DAP Shipment Clearance

Advantages

Global sourcing and customs issues have never played a more important role in the supply chain. To stay competitive in today's economy you need a customs partner that can clear time sensitive international cargo quickly and effectively. We have been helping clients successfully navigate complex regulations to avoid additional costs and delays. Below are the advantages that you can benefit from us.

- Customs clearance can be done in Poya/weekends
- Bank Endorsements
- Documents collection
- Cargo delivery within 24 Hours

Sea Freight Clearance

We currently offer our services for below mentioned clearances.

- BOI Cargo Clearance
- Customs Cargo Clearance
- DAT, DAP Shipment Clearance
- OOG Cargo Clearance

Project Cargo

ULC Project Logistics division provides complete services for entire large-scale, heavy-lift projects handles of every dimension, complex transport requirements. A reliable partner in Sri Lanka.

Our specialist teams use the creativity and skills that come from long experience in the field. Anything heavy and oversized gets our special attention. With consulting, planning, preparation and execution capabilities in the same hands, an integrated approach to ensure that we meet our customer's precise schedules, whether the components originate from one country or from across the globe.

Covering the globe

Our seamless global coverage is supported by likeminded overseas agents and global offices which enable us to fully manage all freight movements within our network allowing you to monitor and track at all times with key milestone completion and visibility.

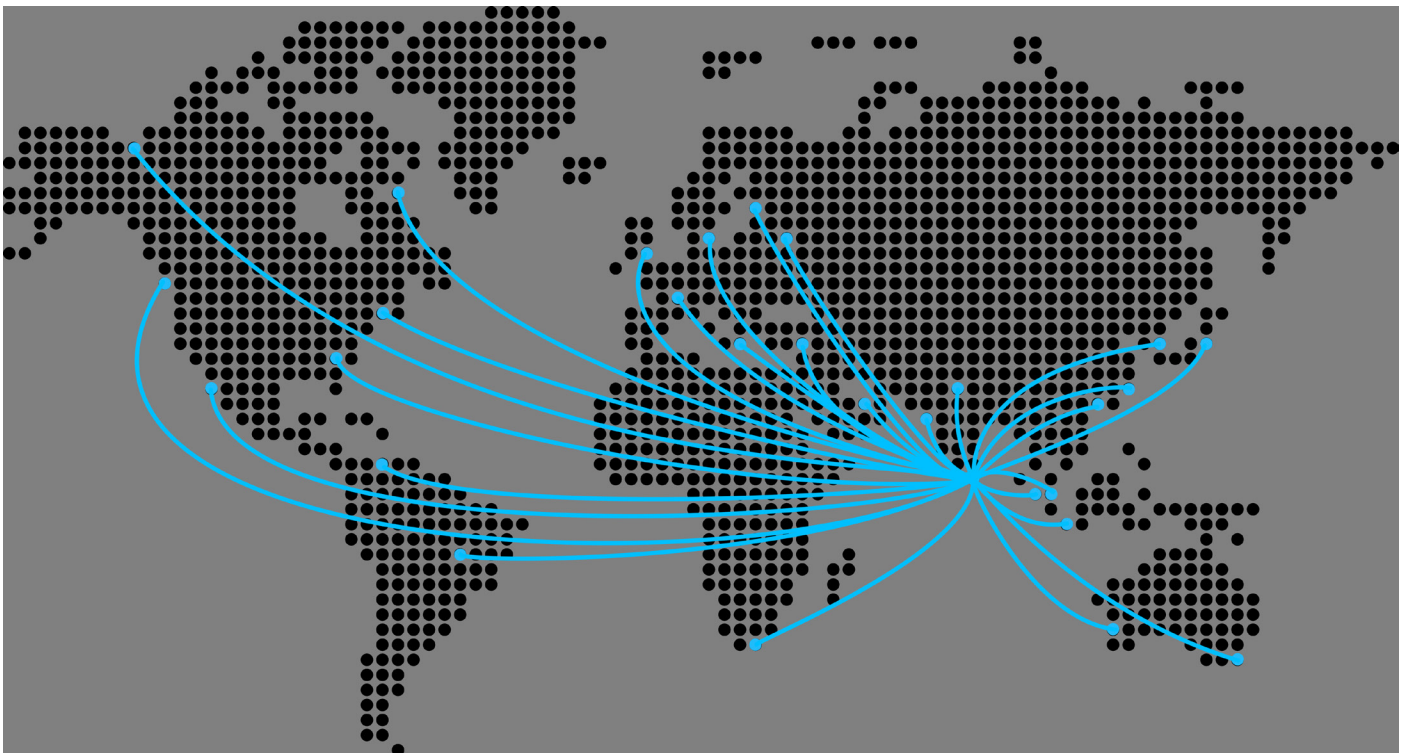

Our agents have well reputation with ocean and air carriers and inland haulage providers to ensure maximum security and safe delivery of our clients' cargo. Also all our processes are tracked and monitored 24X7 through professional staff and improved IT systems to ensure real-time updates to our valued clientele.
