

COMPANY PROFILE

A large container ship with a blue and red hull is docked at a port. A red gantry crane is visible in the background. The ship is loaded with colorful shipping containers. The water reflects the ship and the crane. The sky is clear and blue.

Your Trusted **Logistics Partner in UAE**

At Trimodal Logistics LLC, we don't just move goods, we move businesses forward. As a trusted leader in end-to-end commercial cargo logistics, TML ensures the seamless, cost-effective, and secure movement of freight across the Middle East and internationally.

From bulk and containerized cargo to project, temperature-controlled, and high-value shipments, we handle it all with precision and reliability. Our expertise covers a wide range of industries including manufacturing, agriculture, textiles, construction, automotive, pharmaceuticals, FMCG, electronics, and retail.

Whether by land, sea, or air—Trimodal Logistics is your partner in powering supply chains.

End-to-end Integrated **Logistics Solutions**

TRIMODAL specializes in all three major freight modes:

Land Freight

Comprehensive road transport using trucks, trailers, and containers for intra-city, inter-state, and long-haul deliveries.

Sea Freight

We specialize in import/export cargo logistics via all major ports, offering complete solutions including customs clearance and domestic transportation, while efficiently handling all incoterms and shipping conditions.

Air Freight

Time-critical cargo movements coordinated manually through leading air carriers, ensuring both speed and reliability. Our international air freight services include:

- Door-to-door and airport-to-airport solutions worldwide
- Priority and express shipment options
- Expert handling of sensitive, high-value, and temperature-controlled cargo
- Customs clearance support at both origin and destination
- Real-time shipment tracking and status updates
- Strong global partnerships with major airlines and freight networks

Rail Cargo Services

Seamless Rail Freight Service – UAE to KSA (Door-to-Door)

We offer reliable door-to-door rail freight solutions from the UAE to the Kingdom of Saudi Arabia, in collaboration with Etihad Rail and regional partners. This service ensures:

- Direct cross-border rail connectivity for faster transit and reduced road congestion
- Customs-cleared, bonded shipments with end-to-end visibility
- Cost-effective alternative to traditional trucking with consistent schedules
- Safe and secure movement of containerized, palletized, and bulk cargo
- Integrated last-mile delivery at origin and destination points

Customs Clearance & Last-mile Delivery Solutions

We offer end-to-end customs clearance services across major borders and airports, ensuring swift and compliant cargo movement. Our experienced team manages all necessary documentation, duties, and regulatory requirements to eliminate delays and minimize risk.

Trimodal ensures final leg delivery precision on time and secure delivery from ports or rail terminals to the final destination, whether it's a warehouse, retail outlet, or customer location.

Why Trimodal?

We offer end-to-end customs clearance services across major borders and airports, ensuring swift and compliant cargo movement. Our experienced team manages all necessary documentation, duties, and regulatory requirements to eliminate delays and minimize risk.

Trimodal ensures final leg delivery precision on time and secure delivery from ports or rail terminals to the final destination, whether it's a warehouse, retail outlet, or customer location.

Our Workflow

Assessment & Planning

We evaluate cargo needs and define the best transport strategy.

Dispatch & Tracking

Real-time updates through manual checkpoint monitoring.

Manual Coordination

Route planning, scheduling, and vehicle assignments by our logistics team.

Delivery & Proof

Final handover with offline documentation and confirmation.
